Acumen Consulting  
Auckland, Auckland Central

RE: Accomplished Product Designer in response to SEEK Jobs ad

Dear Sir or Madam,

I am exploring opportunities to be an UI designer. After researching Acumen Consulting, I strongly believe that I am a good fit for your company and would love the opportunity to become a valued member of your team.

As a computer science graduate, I understand programming languages like HTML, CSS, Javascript. Therefore, it is not big problem to work with developers.

I really enjoy working with people, sharing ideas and learning more from them.

The following career highlights will support my ability to deliver positive results for Acumen Consulting:

- Proficient in Adobe XD
- Photoshop skills
- Understand HTML/CSS and be able to write
- Strong learning ability

Attached, please find my resume and previous work, which contains additional information regarding my background and qualifications.

Thank you for taking the time to consider me for a position within your team. I would appreciate the opportunity to learn more about Acumen Consulting in-person and further discuss how I might contribute to your continued success.

Sincerely,  
XIAOQIAN SHI
